TIP: Consider using the estimator at www.irs.gov/W4App to determine the most accurate withholding for the rest of the year if: you are completing this form after the beginning of the year; expect to work only part of the year; or have changes during the year in your marital status, number of jobs for you (and/or your spouse if married filing jointly), dependents, other income (not from jobs), deductions, or credits. Have your most recent pay stub(s) from this year available when using the estimator. At the beginning of next year, use the estimator again to recheck your withholding. Complete Steps 2-4 ONLY if they apply to you; otherwise, skip to Step 5. See page 2 for more information on each step, who can claim exemption from withholding, and when to use the estimator at www.irs.gov/W4App. Step 2: Complete this step if you (1) hold more than one job at a time, or (2) are married filing jointly and your spouse also works. The correct amount of withholding depends on income earned from all of these jobs. **Multiple Jobs** or Spouse Do only one of the following. Works (a) Use the estimator at www.irs.gov/W4App for the most accurate withholding for this step (and Steps 3-4). If you or your spouse have self-employment income, use this option; or (b) Use the Multiple Jobs Worksheet on page 3 and enter the result in Step 4(c) below; or (c) If there are only two jobs total, you may check this box. Do the same on Form W-4 for the other job. This option is generally more accurate than (b) if pay at the lower paying job is more than half of the pay at the Complete Steps 3-4(b) on Form W-4 for only ONE of these jobs. Leave those steps blank for the other jobs. (Your withholding will be most accurate if you complete Steps 3-4(b) on the Form W-4 for the highest paying job.) Step 3: If your total income will be \$200,000 or less (\$400,000 or less if married filing jointly): Claim Multiply the number of qualifying children under age 17 by \$2,000 \$ **Dependent** Multiply the number of other dependents by \$500 \$ and Other **Credits** Add the amounts above for qualifying children and other dependents. Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2025 if you meet both of the following conditions: you had no federal income tax liability in 2024 and you expect to have no federal income tax liability in 2025. You had no federal income tax liability in 2024 if (1) your total tax on line 24 on your 2024 Form 1040 or 1040-SR is zero (or less than the sum of lines 27, 28, and 29), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2025 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 17, 2026.

Your privacy. Steps 2(c) and 4(a) ask for information regarding income you received from sources other than the job associated with this Form W-4. If you have concerns with providing the information asked for in Step 2(c), you may choose Step 2(b) as an alternative; if you have concerns with providing the information asked for in Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c) as an alternative.

When to use the estimator. Consider using the estimator at *www.irs.gov/W4App* if you:

- 1. Are submitting this form after the beginning of the year;
- 2. Expect to work only part of the year;
- Have changes during the year in your marital status, number of jobs for you (and/or your spouse if married filing jointly), or number of dependents, or changes in your deductions or credits;
- 4. Receive dividends, capital gains, social security, bonuses, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax; or
- 5. Prefer the most accurate withholding for multiple job situations.

TIP: Have your most recent pay stub(s) from this year available when using the estimator to account for federal income tax that has already been withheld this year. At the beginning of next year, use the estimator again to recheck your withholding.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at www.irs.gov/w4App to figure the amount to have withheld.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work. Submit a separate Form W-4 for each job.

Option (a) most accurately calculates the additional tax you need to have withheld, while option (b) does so with a little less accuracy.

Instead, if you (and your spouse) have a total of only two jobs, you may check the box in option (c). The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include other tax credits for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2025 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay each pay period, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Form W-4 (2025) Page

Step 2(b) - Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on **only ONE** Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job. To be accurate, submit a new Form W-4 for all other jobs if you have not updated your withholding since 2019.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at www.irs.gov/W4App.

1	Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3	1	\$
2	Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.		
	a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a	2 a	\$
	b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b	2b	\$
	c Add the amounts from lines 2a and 2b and enter the result on line 2c	2c	\$
3	Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc	3	
4	Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld)	4	\$
	Step 4(b) – Deductions Worksheet (Keep for your records.)		
1	Enter an estimate of your 2025 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income	1	\$
2	Enter: • \$30,000 if you're married filing jointly or a qualifying surviving spouse • \$22,500 if you're head of household • \$15,000 if you're single or married filing separately	2	\$
3	If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"	3	\$
4	Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information	4	\$
5	Add lines 3 and 4. Enter the result here and in Sten 4(h) of Form W-4	5	\$

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. Internal Revenue Code sections 3402(f)(2) and 6109 and their regulations require you to provide this information; your employer uses it to determine your federal income tax withholding. Failure to provide a properly completed form will result in your being treated as a single person with no other entries on the form; providing fraudulent information may subject you to penalties. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation; to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their tax laws; and to the Department of Health and Human Services for use in the National Directory of New Hires. Instructions for Form IT-2104

Employee's Withholding Allowance Certificate

Overview

Form IT-2104 is completed by you, as an employee, and given to your employer to instruct them how much New York State (and New York City and Yonkers) tax to withhold from your pay and send to the New York State Tax Department on your behalf.

Your employer will use the information you provide on this form—including residency, marital status, and allowances—to withhold these taxes from your pay. The more allowances you claim, the lower the amount of tax your employer will withhold from your paycheck.

Definition

Allowances: A withholding allowance is an exemption that lowers the amount of income tax your employer must deduct from your paycheck. A larger number of withholding allowances means a smaller New York income tax deduction from your paycheck, and a smaller number of allowances means a larger New York income tax deduction from your paycheck.

Changes effective beginning 2023

Form IT-2104-I has been revised for tax years beginning on or after January 1, 2023. If you previously filed Form IT-2104 prior to January 1, 2023 and used the worksheet or charts, you should complete a new 2024 Form IT-2104 and give it to your employer.

Who should file this form

Complete Form IT-2104 and file it with your employer each year if any of the following apply:

Life changes

- you are no longer a dependent
- you got married
- you became divorced or legally separated
- you had a child
- you moved into or out of New York City or Yonkers

Income changes

- your wages increased and you expect to earn \$107,650 or more during the tax year
- the total of your income and your spouse's income increased to \$107,650 or more for the tax year
- · you have significantly more or less income from other sources or from another job, including self-employment

Job changes

- you started or ended a new job
- you are a covered employee of an employer that has elected to participate in the Employer Compensation Expense Program

Tax situation changes

- you itemize your deductions on your personal income tax return
- you are eligible for New York State credits (such as the earned income, child and dependent care, or college tuition credits)
- you owed tax or received a large refund when you filed your personal income tax return for the past year
- you no longer qualify for exemption from withholding
- the IRS (Internal Revenue Service) advised you that you are entitled to fewer allowances than claimed on your original federal Form W-4 (submitted to your employer for tax year 2019 or earlier), and you claimed the disallowed allowances on your original Form IT-2104

Tax years 2019 or earlier

If the most recent federal Form W-4 you submitted to your employer was for tax year 2019 or earlier, and you did not file New York State Form IT-2104, your employer may use the same number of allowances you claimed on your federal Form W-4. Due to differences in federal and New York State tax law, this may result in the wrong amount of tax withheld for New York State, New York City, and Yonkers.

Tax years 2020 or later

If you submit a federal Form W-4 to your employer for tax year 2020 or later, and do not file New York State Form IT-2104, your employer may use zero as your number of allowances. For tax years 2020 or later, withholding allowances are no longer reported on federal Form W-4. This may result in the wrong amount of tax withheld for New York State, New York City, and Yonkers.

How often to submit Form IT-2104 to your employer

When you start a new job, complete Form IT-2104. You should review the form you submitted for each job you have every year. Whenever your tax situation changes and you need to update the number of allowances you may claim, submit a new Form IT-2104 to your employer.

Claiming the correct number of withholding allowances

General information

Calculations

Calculate the number of withholding allowances you want to claim in Part 1 and Part 4 of the worksheet. If you want more tax withheld, you may claim fewer allowances.

Allowances you may not claim

You may **not** claim a withholding allowance for yourself or, if married, your spouse.

If you have more than one job

If you have more than one job, file a separate IT-2104 certificate with each of your employers. Be sure to claim only the total number of allowances that you are entitled to.

If you claim all your allowances at your higher-paying job and zero allowances at the lower-paying job, your withholding will better match your total tax liability.

Dependents

If you are a dependent of another taxpayer and expect to earn more than \$3,100, you should reduce your withholding allowances by one for each \$1,000 of income over \$2,500. This will help make sure your employer withholds enough tax. If you calculate a negative number of allowances (less than zero), see *Claiming negative allowances* and *Additional dollar amounts*.

Heads of households with only one job

If you will use the head-of-household filing status on your state income tax return, mark the *Single or Head of household* box on the front of the form. If you have only one job, you may also choose to claim two additional withholding allowances on line 15.

Single or head of household taxpayers with two or more jobs

If you are a single or head of household taxpayer, and your combined wages from all your jobs are **under \$107,650**, reduce the number of allowances by seven on line 1 and line 2 (if applicable) on the certificate you file with your employer for your higher-paying job. If you calculate a negative number of allowances (less than zero), see *Claiming negative allowances* below.

If you are a single or head of household taxpayer, and your combined wages from all your jobs are **between \$107,650 and \$2,263,265**, use the charts in Part 6 and enter the additional withholding dollar amount from the chart on line 3.

Married couples with both spouses working

If you and your spouse both work, you should each file a separate IT-2104 certificate with your own respective employers.

If the higher wage-earning spouse claims all the allowances the couple is entitled to, and the lower wage-earning spouse claims zero allowances, your withholding will better match your total tax liability. **Do not** claim more total allowances than you are entitled to.

If your combined wages are:

- **less than \$107,650**, you should each mark an **X** in the *Married, but withhold at higher single rate* box on the certificate front, and divide the total number of allowances that you compute on line 19 and line 31 (if applicable) between you and your working spouse
- \$107,650 or more, use the charts in Part 5 and enter the additional withholding dollar amount on line 3

Married taxpayers with two or more jobs

If you are a married taxpayer, and your combined wages from all your jobs are \$107,650 or more, use the charts in Part 5 and enter the additional withholding dollar amount from the chart on line 3 (substitute the words *Higher-paying job* for *Higher earner's wages* within the chart).

Specific information

Follow these instructions to make sure you withhold the correct amount, so that you will not owe additional tax when you file your income tax return.

Claiming more than 14 allowances

If you claim more than 14 allowances, your employer must send a copy of your Form IT-2104 to the New York State Tax Department. You may then be asked to verify your allowances. The Tax Department will review your certificate and notify your employer of any adjustments that must be made to either the filing status or number of withholding allowances permitted, or both.

Claiming negative allowances

If you use the worksheet and calculate a negative number of allowances (less than zero) on lines 1 or 2 and your employer cannot accommodate negative allowances, **enter 0** and see *Additional dollar amounts* below.

Income from sources other than wages

If you have more than \$1,000 of income from sources other than wages (such as self-employment income, interest, dividends, or alimony received) and do not make estimated tax payments for that income, reduce the number of allowances claimed on line 1 and line 2 (if applicable) of the form by one for each \$1,000 of nonwage income. If you calculate a negative number of allowances (less than zero), see *Claiming negative allowances* above.

If you have significant amounts of nonwage income (income that is not reported on federal Form W-2), you may also consider making quarterly estimated tax payments directly to the Tax Department. For more information, see Estimated taxes, Form IT-2105-I, *Instructions for Form IT-2105*, *Estimated Tax Payment Voucher for Individuals*, or *Need help?*.

Claiming other credits

If you will be eligible to claim any credits **other** than the credits listed in the worksheet, such as an investment tax credit, you may claim additional allowances as follows:

- 1. Find your filing status and your New York adjusted gross income (NYAGI) in the chart below.
- 2. Divide the amount of the expected credit by the number indicated. (To determine the amount, see the instructions for the credit you are claiming.)
- 3. Enter the result (rounded to the nearest whole number) on line 14 of the Worksheet.

Single and NYAGI is:	Head of household and NYAGI is:	Married and NYAGI is:	Divide amount of expected credit by:
Less than \$215,400	Less than \$269,300	Less than \$323,200	60
Between \$215,400 and \$1,077,550	Between \$269,300 and \$1,616,450	Between \$323,200 and \$2,155,350	68
Between \$1,077,550 and \$5,000,000	Between \$1,616,450 and \$5,000,000	Between \$2,155,350 and \$5,000,000	96
Between \$5,000,000 and \$25,000,000	Between \$5,000,000 and \$25,000,000	Between \$5,000,000 and \$25,000,000	100
Over \$25,000,000	Over \$25,000,000	Over \$25,000,000	110

Example: You are married and expect your New York adjusted gross income to be less than \$323,200. In addition, you expect to receive a flow-through of an investment tax credit from the S corporation of which you are a shareholder. The investment tax credit will be \$160. Divide the expected credit by 60. 160/60 = 2.6667. The additional withholding allowance would be 3. Enter **3** on line 14.

Additional dollar amounts

To ask your employer to withhold an additional dollar amount each pay period, complete lines 3, 4, and 5 on Form IT-2104, as applicable.

In most instances, if you calculate a negative number of allowances and your employer cannot accommodate that, you should ask to withhold these amounts for each negative allowance claimed:

- New York State (line 3): an additional \$1.85 of tax withheld per week
- New York City (line 4): an additional \$0.80 of tax withheld per week
- Yonkers residents (line 5): an additional 16.75% (0.1675) of the New York State amount

Note: The additional amounts provided in these instructions or calculated using the charts in Part 5 or Part 6 are accurate for a **weekly** payroll. Therefore, if you are not paid on a weekly basis, you will need to adjust the dollar amounts that you calculate.

For example, if you are paid biweekly, you must double the dollar amounts you calculated.

Avoid under withholding

Form IT-2104, together with your employer's withholding tables, is designed to make sure the correct amount of tax is withheld from your pay. If you do not have enough tax withheld during the entire year, you may owe additional tax when you file your return. The Tax Department must charge you interest and may impose penalties in certain situations in addition to the tax you owe. Even if you do not file a return, we may determine that you owe personal income tax. In that case, we must add interest and applicable penalties to the amount of tax that you should have paid during the year.

Exemption from withholding

You cannot use Form IT-2104 to claim exemption from withholding. To claim exemption from income tax withholding, you **must** file one of the following with your employer:

- Form IT-2104-E, Certificate of Exemption from Withholding,
- Form IT-2104-IND, New York State Certificate of Exemption from Withholding
- Form IT-2104-MS, New York State Withholding Exemption Certificate for Military Service Personnel

To determine if you are eligible to file any of the above forms, see their corresponding instructions on our website (www.tax.ny.gov).

Employers

Box A

If you are required to submit a copy of an employee's Form IT-2104 to the Tax Department because the employee claimed more than 14 allowances:

- 1. Mark an X in box A.
- 2. Send a copy of Form IT-2104 to:

NYS TAX DEPARTMENT, INCOME TAX AUDIT ADMINISTRATOR WITHHOLDING CERTIFICATE COORDINATOR W A HARRIMAN CAMPUS ALBANY NY 12227-0865

If not using U.S. Mail, see Publication 55, Designated Private Delivery Services.

3. If the employee is also a new hire or rehire, see Box B instructions.

Note: These charts do not account for additional withholding in the following instances:

- a married couple with both spouses working, where both spouse's individual wages are more than \$1,131,632 but less than \$2,263,265;
- married taxpayers with only one spouse working, and that spouse works more than one job, with wages from each job under \$2,263,265, but combined wages from all jobs is over \$2,263,265.

If you are in one of these situations and you would like to request an additional dollar amount of withholding from your wages, contact the Tax Department for assistance (see *Need help?*).

Part 6: Use these charts only for single or head of household taxpayers with more than one job, and combined wages between \$107,650 and \$2,263,265.

Enter the additional withholding dollar amount on line 3.

The additional dollar amounts, as shown below, are accurate for a weekly payroll. If you are not paid on a weekly basis, you will need to adjust these dollar amounts. For example, if you are paid biweekly, you must double the dollar amounts you calculated.

Opting Out of Paid Family Leave (12 NYCRR 380-2.6)

- (a) An employee of a covered employer shall be provided the option to file a waiver of family leave benefits:
 - (i) When his or her regular employment schedule is 20 hours or more per week but the employee will not work 26 consecutive weeks, or
 - (ii) When his or her regular employment schedule is less than 20 hours per week and the employee will not work 175 days in a 52 consecutive week period.
- (b) Within eight weeks of any change in the regular work schedule for an employee that requires the employee to continue working for 26 consecutive weeks or 175 days in a 52 consecutive week period, any waiver filed under this section shall be deemed revoked. An employee of a covered employer whose waiver has been revoked shall be obligated to begin making contributions to the cost of family leave benefits, including any retroactive amounts due from date of hire, pursuant to Section 209 of the Workers' Compensation Law, as soon as the employee is notified by the covered employer of such obligation.
- (c) The covered employer shall keep a copy of the fully executed waiver on file to be produced at the request of the Chair, for as long as the employee remains in employment with the covered employer.
- (d) An employee as described in Subsection (a) of this Section who elects not to enter into a waiver shall make regular family benefit contributions for the full duration of his or her employment with the covered employer, and the covered employer shall be obligated to provide family leave benefits for such employee when he or she is eligible pursuant to this Title.

Calculating Average Hours/Days Worked

To determine the average number of hours worked per week:

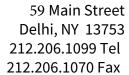

Add all hours worked for the past 8 weeks then divide the total by 8.

To determine the average number of days worked per week:

Add all days worked for the past 8 weeks then divide the total by 8.

Example:

Week Worked	Hours Worked	Days Worked
Week1	16	2
Week 2	24	3
Week 3	16	2
Week 4	16	2
Week 5	8	1
Week 6	24	3
Week 7	16	2
Week 8	8	, j
